Tri-Towns Tune In
ORCTV Planning for Public Access
 By Robert Chiarito

As Executive Director Brian Alves sits at his desk in the new office space in the Old Rochester Community Television (ORCTV) studio, he wears the broad smile of man who is proud of his work. He has a lot to be proud of. Over the past five months he and his crew have transformed the tri-town area's public access television studio in the basement of Old Rochester Regional High School from a meager studio with outdated technology into a state-of-the-art, digital-age gem.

When Mr. Alves first arrived from Salem Public Access TV to take over the reins at ORCTV in February, the studio he inherited was equipped with well-worn cameras that fed into four older tape decks and produced only a few hours of local programming per month on a limited broadcast system. After much hard work and thousands of dollars worth of renovations to the space — provided by Comcast subscribers to ORCTV via the tri-towns — it is now a fully digital state-of-the-art production and educational facility that broadcasts 24-hours-a-day, seven days a week. With all of the new equipment and soon-to-be-completed editing rooms, the

Staff Producer Tyrone Campbell, Executive Director Brian Alves, and Program Director Laura Santangelo. The newly-renovated and upgraded ORCTV Studio facility in the basement of ORR High School will host an Open House on October 3 and 5 from 5:00 to 9:00 pm and again on October 10 and 12 from 5:00 to 9:00 pm to encourage community involvement in the public access operation. facility is of the level and quality that one would find in any major market television studio. The station is capable of producing all of its own programming and invites the community to become involved in filling out the weekly programming schedule by becoming members of ORCTV and producing their own shows.

"There is a lot of opportunity for people to come in here and produce a show," said Mr. Alves. The new technology is very user-friendly and can be used both in the studio and on location. Mr. Alves explained, "We've purchased equipment that anybody can come in, press a

He added, "As the name implies, this is public access for everybody. We want people to come and use this facility. We want to reach out to kids, to adults, to teenagers, to everybody."

Production workshops are available to station members who have paid their annual membership fee of just \$1 per year. Crews can also be provided, when necessary, to assist in the making of any ORCTV production.

ORCTV currently produces about 12 hours of local programming each week and would like to fill the schedule, as much as possible, with locally-produced shows. In addition to local shows, the viewing schedule is currently rounded out with a variety of material ranging from public domain movies and children's cartoons to shows with such titles as *Army Newswatch*, *Music and The Spoken Word* and *Penny Dreadful's Shilling Shockers*.

Unlike other television outlets, public access is not limited by traditional format restrictions. "You can have a five-minute show, a ten-minute show, a half-hour show, really any length show you like here," said Mr. Alves.

One of the works presented recently on ORCTV was a documentary by local filmmaker Courtney Sell that focused on one of the victims of Hurricane Katrina as he returned to his home in Mississippi. Having received a number of positive reviews following the broadcast of his film, Mr. Sell is currently using equipment provided by

ORCTV to produce more work that should be aired on the station at some point in the future.

To further educate the community on the possibilities of public access television, ORCTV will be hosting a series of Open Houses starting in October. The first set of dates for these are Tuesday and Thursday evening, October 3 and 5 from 5:00 to 9:00 pm, and again on the following Tuesday and Thursday evening, October 10 and 12 from 5:00 to 9:00 pm.

Anyone who would like to become involved in Old Rochester Community Television as a member or would simply like to know more about public access television in the tri-town area is encouraged to visit the organization's website at www.orctv.org.

Tri-Town League Hosts Candidates

On Wednesday, October 11, the Marion-Mattapoisett-Rochester League of Women Voters (LWV) will sponsor a Candidates' Night and Debate from 6:30 to 9:30 pm in the Old Rochester Regional High School Auditorium on Route 6 in Mattapoisett.

Some of the district's legislators are running unopposed, while others are being challenged by Republican and Independent candidates, therefore the LWV will offer more than a Candidates' Debate Forum. In order to accommodate those seeking offices as well as providing and informational evening for the district's constituents, the LWV will sponsor a "Coffee and Discussion Time with the Candidates" prior to the traditional debate.

Incumbents Congressman Barney Frank (Massachusetts Fourth District), State Senators Joan Menard (First Bristol and Plymouth), Mark Montigny (Second Bristol and Plymouth), Marc Pacheco (First Plymouth and Bristol), and State Congressman William Straus (Tenth Bristol) have been invited to participate as well as the opposing candidates — Independent Raimundo Delgado (running for State Senator Second Bristol and Plymouth)

Mattapoissett Selectmen's Meeting

September 26, 2006

By Kenneth J. Souza

A regular meeting of the Mattapoissett Board of Selectmen was called to order on Tuesday, September 26 at 6:00 pm by Chairman Jordan C. Collyer. Also present were Selectman Raymond H. Andrews, Selectman Stephen J. Lombard, Town Administrator Michael J. Botelho, and Assistant to the Town Administrator Melody Pacheco.

The board first voted to approve the minutes of the September 12 meeting, with Selectman Andrews abstaining. The board next voted to reopen the warrant for the October 17, 2006 Special Town Meeting to include a revolving fund for monies needed to make repairs to Old Hammondtown School, which was unanimously approved.

Lastly, the board voted to sign and approve an employment agreement with newly-appointed Deputy Fire Chief Andrew Murray at a rate of \$810 per week, subject to contractual requirements, with Chairman Collyer abstaining.

At 6:05 pm the board met with Highway Surveyor Barry Denham to discuss the installation of new street signs which will take place throughout town. According to Mr. Denham, new federal requirements call for reflective signs which are at least nine inches tall, with six-inch lettering. These new signs meet those requirements.

"We'll be getting these out in the next few weeks," Mr. Denham said. "You'll see the first ones along Route 6."

The new signs include Mattapoisett's official town seal, and cost about \$150 per unit, including poles. Mr. Denham already has several of the new signs ready to be installed.

"What I might do is do the main streets, when you enter town, with the town seal, and then do the other side streets without them," Mr. Denham said, noting that the signs with the full-color town seal are a little more expensive.

The board next met with Greg Sawyer of the Division of Marine Fisheries at 6:12 pm to discuss the fall scallop season in Mattapoisett Harbor.

"We had a lengthy discussion last year before opening the scallop beds," Mr. Botelho said. "This year I asked Greg to come in before (we made that determination)."

Mr. Sawyer noted they typically conduct a survey at the beginning of the scallop season to determine how the supply is in each area. Once the season opens, he can better determine how the scallop beds are faring.

In keeping with last year's schedule, Shellfish

Officer Kathleen Masse recommended opening outer Mattapoissett Harbor to the taking of shellfish on October 15 and opening the inner harbor to the taking of shellfish on December 1. The board unanimously approved this recommendation.

The board next opened a Skiff Space Appeal Hearing upon a request from Tom Muldoon at 6:23 pm.

"Back in May I received a registered letter saying I was late in my payment of \$20 to stay on the skiff waiting list and I was being charged an additional \$25 and it was due in 30 days," Mr. Muldoon said. "I sent in payment for \$45 ... (and) I got a letter back saying I was taken off the list. I was going to let it go, but last Monday I got a copy of a letter in the mail postmarked February 26,

2006. That was the notice I never got (for this year). My intention wasn't to be taken off the list, but I never got the letter."

Even though Mr. Muldoon did receive the initial mailing, he maintained he was seeking an appeal since he did not get the follow-up notice.

"You know we've spent \$500 in (certified mailings) to collect \$20," Selectman Lombard said. "I think we've gone way over the top ... to contact people to let them know they owe money."

With that, the board unanimously voted to deny Mr. Muldoon's appeal.

At 6:38 pm the board met with Harbormaster Steve Mach and members of the Marine Advisory Board (MAB) to discuss updates to the town's Harbor Rules and Regulations.

"I'm real happy with the (changes) and I think everyone else is, too," Mr. Mach said.

Mr. Botelho noted they now need to have a 14-day public comment period to allow residents to provide input before they are officially accepted. As such, copies of the newly-revised Harbor Rules and Regulations will be available via the town's website (www.mattapoisett.net), the Mattapoisett Public Library, the Town Hall, and the Harbormaster's Office for review through October 10.

In other matters, Mr. Botelho noted the Finance Committee (FinCom) will be invited to the next regular Selectmen's meeting on Tuesday, October 10 at 6:00 pm to

REALITY VERSUS MYTH IN PLANNING FOR LONG TERM LIVING

REALITY: As we age, enjoying our lives with our families and pets in our comfortable surroundings, we are aware of a possible health event that could cause us to need care and maintain our dignity. Today, 68 percent of the population over age 65 are aware of the importance of having a plan in place YET remain unprotected due to false perceptions about Long Term Care Insurance and Long Term Care Asset Protection.

MYTH No. 1: If I am not in excellent health or my spouse has been declined in the past, I must remain self-insured and crisis-manage my retirement years.

MYTH No. 2: If I do not use it, I lose it. Paying premiums/without care reimbursement.

MYTH No. 3: I will self-insure and be aware of the total cost of care vs. known cost and limited asset liability.

MYTH No. 4: Medicaid or Medicare will pay for my Long Term Care Plan.

MYTH No. 5: Long Term Care Planning is expensive.

discuss the articles on the Special Town Meeting warrant requesting additional funding for the ORR School District to cover unforeseen transportation costs.

Selectman Andrews said he met with a consultant earlier in the day to conduct an investigation into the moisture and water problems on the roof of Old Hammondtown School. "We have not closed out (with the general contractor) and he has not walked away from the job, to his credit," Selectman Andrews said. "We have a follow-up meeting next week."

Under notes and announcements, Selectman Andrews advised:

- The Mattapoisett Town Hall will be closed on Monday, October 9 in observation of the Columbus Day Holiday.

- There will be an American Heart Association "Heart Saver" Course on October 5 from 5:30 to 9:30 pm, sponsored by the Marion and Mattapoisett Boards of Health at Center School in Mattapoisett. The fee is \$25 and to register you need to contact Beth Oleson at 508-758-3188.

- The Mattapoisett Fire Department will hold their Annual Open House on October 5 from 6:00 to 9:00 pm.

Under the Town Administrator's report, Mr. Botelho advised:

- They have appointed Myra LaMontagne Hart of 115 North Street to the Mattapoisett Cultural Council.

- There won't be a need for the previously-planned article on the Special Town Meeting warrant to establish a fund for the town's sesquicentennial celebration next year. A regular meeting of the Rochester Board of Selectmen was called to order on Monday, September 25 at 7:00 pm by Chairman Bradford N. Morse. Also present were Selectman Richard Nunes, Selectman Dan A. McGaffey, and Administrative Assistant Veronica Lafreniere. Town Administrator James Huntoon was not present for the meeting.

The board first approved the minutes of the September 18 meeting, then met with Police Chief Paul Magee who came before the board to request the appointment of Dave Cody as a part-time police officer with the Rochester Police Department. Mr. Cody currently serves as the Deputy Fire Chief with the Town of Bourne, resides in Pocasset, and has extensive experience with police and fire operations. As such, Chief Magee said he is well-qualified to work with the department.

The board unanimously voted to appoint Mr.

MICROCHIPS

My friend told me that I should have a microchip implanted in my cat so I could track him like Lojack enables police to recover a car. Is this true?

Not exactly. A microchip is a rice sized computer chip with a number embedded in it that is injected under skin of a cat or dog. A receiver is passed over the pet and the number shows up on a window. A phone call to a clearing house will reveal the name and address of the cat's owner. So a microchip is more like an ID tag than a Lojack.

How can I get a microchip inserted into my dog?

Your veterinarian can insert a microchip into your dog or cat. You then register the microchip number and the process is complete. Microchips are an excellent idea for cats that go outdoors as cats are almost always losing their collars with associated ID tags.

Cody to the Rochester Police Department as recommended and welcomed him to the force.

At 7:05 pm the board met with Chief Dispatcher Tracy Eldridge to request granting a leave of absence for part-time dispatcher John Weedall until January 2007. "Granting a leave of absence for a part-time employee doesn't cost us anything," Ms. Eldridge explained. "We've done it before ... he's just going to (remain) a part-time, fill-in until January 1, 2007."

Regarding Mr. Weedall's position, Ms. Eldridge said she contacted the labor union about the 24-hour benefitted slot and noted that the only two part-timers eligible were not interested in it, so she is recommending the appointment of Deb Morrell as the permanent, part-

time dispatcher to fill Mr. Weedall's position. The board unanimously approved this appointment.

The board next signed and approved an Employee Action Form for Assistant Town Accountant Kathleen McHenry as per last week's meeting. "Since Kathleen McHenry is going to be, at times, the only person in the Accountant's Office, we need to appoint her as Assistant Town Accountant," Selectman Nunes noted.

The board also signed and approved an Employee Action Form for Interim Town Accountant Patricia Eager as per last week's meeting. Both are already working in the Rochester Town Hall.

Under incoming correspondence, the board received a letter of resignation from Arthur Westgate, who is stepping down from the Rochester Country Fair Committee after a long tenure. The board voted to accept Mr. Westgate's resignation, with regret, and agreed to send a letter of appreciation to him for his past efforts.

The Massachusetts Department of Environmental Protection (DEP) next sent notice to the board that Public Comment is being sought regarding Covanta/SEMASS' municipal waste combustor as per state requirements. Details can be found online at www.mass.gov/dep/recycle/solid/semass.htm. Written comments will be accepted until 5:00 pm on Monday, October 16, 2006.

The board also received notice from the Wareham Fire District of their intent to amend state legislation to allow "out of district" water sales in conjunction with the

planned County Road Water Main Project which would also affect some Rochester residents along the town line. The amendment appears to have unanimous support from local legislators and Wareham is requesting Rochester submit a letter of support as well.

Under incoming notices, the board received:

- Notice from Coastline Elderly Services, Inc. of their Annual Corporate Meeting.
- Notice that a Planning Board Public Hearing on the "Common Driveway By-Law" will be held on October 10.

- Notice from Tata & Howard regarding the Mattapoisett River Valley Water District Regional Water Transmission Mains Meeting to be held on October 3.

Under New Business, the board noted the Rochester Council on Aging (COA) is hosting a "Thank You" Reception for longtime Town Accountant Claudette Coutu on Friday, September 29 from 5:00 to 7:00 pm at the Rochester Senior Center. The public is invited to stop by to wish Ms. Coutu well in her new position and to thank her for her 19 years of dedicated service to the Town of Rochester.

Selectman Nunes noted he and Selectman McGaffey attended the recent Plymouth County Selectmen's Meeting last week and one of the issues he would like to pursue from that meeting is hiring an Information Technology (IT) person to oversee computer and networking systems in the Town Hall and other town departments.

Selectman McGaffey also noted that regional Wind Power Meetings are often scheduled on Monday evenings — when the Rochester Selectmen meet — so he is seeking other Rochester residents or department heads to attend on behalf of the town. On a similar note, Selectman McGaffey also noted there are many window air conditioning units which remain installed during the winter months and he is recommending they all be removed as a means of conserving energy. The board unanimously agreed to support this recommendation.

There being no further matters to come before the board, they unanimously voted to adjourn for the evening at 7:22 pm.

ATTENTION DRIVERS

If you are involved in a collision you have the right to have your investment, your vehicle, repaired at a shop of your choice. Your insurance company may suggest a list of repair shops. Do not be persuaded by this list, it is not a guarantee of quality of services, nor does it limit your options. You want a shop who will work for you and with you to put your vehicle back to pre-accident condition. **COLLISION SERVICES OF MARION, INC.** is a licensed, bonded, registered repair shop with the state of Massachusetts. We work with all insurance companies to expedite your repairs. The important thing to remember is we repair the vehicle for you, our customers, not the insurance companies. So remember, if the need arises, contact **COLLISION SERVICES OF MARION, INC.** to get back on the road.

Etchells Championships

Welcome to Buzzards Bay! A South wind blowin' 20-25 with gust to 35 set the stage for the final day of racing in a series that was still up for grabs in the **2006 Etchells Championship.** Add in some rain and a 6-foot chop, and you had a very exciting and challenging day indeed. As a precaution, the racing started early, at 9:30 am, and the racing circle was moved to a more sheltered area off New Bedford's Fort Taber. Despite these efforts, by the end of the day 12 boats experienced equipment failures. "We had to have some boats towed in, but more importantly, there were no injuries," said Roy Tangen, Event Chairman.

The call from the crowd during the awards ceremony encouraged the New Bedford Yacht Club to submit a bid for the 2010 Etchells World Championship. "This was a great regatta with a wide range of wind and conditions that tested everybody's abilities, said **Bunny Wayt**, Executive Secretary for the Etchells International Class Association.

half and scored on a nice cross sent through the box to take a 2-1 lead. The Mariner girls stepped up and controlled the game tempo throughout the rest of the match and scored their third and final goal of the match on a well placed shot from inside the box. The final score of the match was Mariner 3 and Eastern Mass FC 1. The Mariner U13 Girls' next match will be an away game in Somerset against the Nor'easter Stingers at 4:00 pm on Sunday, October 1.

• **Under 12 Girls:** The Mariner U12 Girls collected their second straight shutout victory with a solid 3-0 result over a tough Nor'Easter Stingers squad in Tiverton, RI. Keepers **Morgan Stott** and **Sammy Bucknell** played outstanding in goal all match to keep the Stingers squad off the scoreboard. The fullback rotation of **Erin Reardon**, **Madison Catarius**, **Desiree Santos**, **Andrea Chaput** and **Nicole Fusaro** helped stifle the Nor'Easter attack with strong defensive play throughout. The Mariner attack was relentless with **Ashley Harwood**, **Emma Morehead** and **Fusaro** barely missing on several good scoring opportunities. The Mariner girls got on the scoreboard early when **Tori Vargas** collected a rebound in front of the net and used some nice footwork to outmaneuver a defender for an open shot on goal. Bucknell put Mariner up 2-0 later in the first half with a hard driving shot played to the low post from outside the eighteen. **Katie Wilbur** finished the scoring midway through the second half with a perfectly executed touch off a well-played cross from the right flank by Morehead. The Mariner U12 Girls' next match will be against a very tough Scorpions Soccer squad at 2:30 pm on Sunday, October 1 in Pembroke.

• **Under 14 Girls:** The U14 Girls played a physical match against the Scorpions on Sunday, ending in a scoreless tie. The Scorpions, a well-known premier soccer club in the South Coast area, gave the Mariner girls a good

around the path running from Village Court (senior housing) to Route 6 (in Mattapoisett). On September 16 while taking my usual evening walk along that path, two girls were sitting on a grassy area having a picnic while further along toward Route 6 two other girls were lounging around the one bench alongside that path. We always exchange "hellos" as we did that evening.

When I returned from my walk a half an hour later on that path the girls were gone and the bench was fine. But the following morning (7:30 am on Sunday) the bench was not in its usual place. In fact, it was on the opposite side of the path and smashed with one of its iron legs broken. I phoned the police and when one of the officers arrived I explained to him what I had observed.

Since this path is used by (people) other than residents of Village Court, it would be nice if anyone having seen any-

Local Grants Awarded

State Representative William Straus (D-Mattapoisett) recently announced the Massachusetts Cultural Council grants in the amount of \$24,190 to local cultural councils (LCC), and \$9,440 for the Creative Schools Program. This year's funding totals \$33,630 — up from \$17,170 in Fiscal Year 2006.

The LCC Program is the most extensive cultural funding system of its kind in the nation. This grassroots network provides funding to every Massachusetts city and town through 329 LCCs and 2,500 volunteer members. The councils support community-based projects that explore local arts and history, expand education and accessibility, and celebrate diversity. FY 2007 grant monies to be distributed are as follows:

- Fairhaven Cultural Council: \$5,370;
- Marion Cultural Council: \$4,000;
- Mattapoisett Cultural Council: \$4,000;
- Middleboro Cultural Council: \$6,820; and
- Rochester Cultural Council: \$4,000.

The Creative School Program funds schools and school districts working to integrate arts and culture into the curriculum connecting students in Grades 2-5 to reading, writing and understanding poetry. This is the first year of a two-year grant for the Old Rochester Regional School District in the amount of \$9,440.

Representative Straus said, "With these grants the MCC allows children and adults to empower themselves with the knowledge to learn about the local arts, history, theater, and much more."

The MCC will distribute more than \$8 million in direct grants across the state of Massachusetts.

Girl Scout Sales

It's fall, and that busy activity you're hearing is not squirrels storing away acorns but girls from the Girl Scout Council of Southeastern Massachusetts selling a delicious array of nuts and candy in front of local supermarkets to earn money for their fall activities. Girls at all levels of Girl Scouting (Daisies, Brownies, Juniors, and Teens) earn their own money from the fall sale so they can join in such exciting Girl Scout learning events as Great Escapes, Junior Jubilee, and the Brownie Big 4.

The mission of Girl Scouts is to build girls of character, confidence and courage who make the world a better place. Service is an important part of the program. This

Girls also learn to appreciate others and the world around them through such Girl Scout programs as Dive Into Diversity, Yes, I Can, and PAWS to Read.

Monies from the candy and nut sale helps support five Girl Scout camps throughout southeastern Massachusetts. At Girl Scout camps, girls have the opportunity to appreciate the natural environment, build self-confidence and have a lot of fun.

Fall brings holidays and family gatherings. Pick up a Girl Scout tin of nuts or a box of candy to bring along and give as a gift. Feel good about supporting a great organization. Girl Scouts will be selling throughout the fall at supermarkets in your area, or, if you miss their booth sales, e-mail mcain@gscsm.org with your name, address and phone number. A Girl Scout and her leader will call on you to take your order.

A two-person show, featuring the recent works of painters Gordon Cowan and G. Bruce West, opens on Friday, October 6 at the Marion Art Center. A reception for members and guests to meet the artists will be held from 6:00 to 8:00 pm that evening.

Mr. Cowan, it seems, was destined for the arts. The son of an artist-mother, he was encouraged in his creativity from a young age. Mr. Cowan graduated from Wayne State University in Detroit with a minor in Art and, after pursuing several different vocations, first in the railroad industry and later in computer science, he began

to make his art a vital part his life again in January of 2000, when he found an available studio space in Stoughton. Mr. Cowan continued with his vocation in computers and his avocation in art until February of 2003, when industry layoffs permitted him to finally focus completely on his art. Exhibition of this art has spanned the state from such spots as Ashland's John Stone Inn to Arlington's Regent Theatre to the Historic Times Building in Brockton.

Inspired by the blues since he first heard the music of Muddy Waters, Otis Spann, Paul Butterfield and Mike Bloomfield in the early 70's, he works exclusively in oils for his Blues Series, liberally modifying the compositions and developing backgrounds to achieve the desired mood of each piece, using a decidedly dark palette for

dramatic effect. As an active member of the Boston Blues Society, Mr. Cowan says he has tried to do his part to "educate and enrich the blues fan base in Massachusetts" through his paintings, utilizing high-exposure venues of coffeehouses such as Starbucks and Perks to reach a wide swath of the public, though his prints may be viewed as far away as the Bojangles Jazz Club in Paris, France.

G. Bruce West, a longtime resident of Marion, has had several artistic pursuits over the years including writing, composing and painting. He has published his poetry and prose and created a CD of his music. Recently he returned to his first love, painting. He states: "These pieces represent to me a kind of synthesis of my life as an artmaker ... A provocative idea dawned on me one day while painting under the stimulus of music. Why not paint a musician playing visual notes, but not of actual notes — something else like flowers or birds or anything as metaphors for the music?"

The body of work included in the exhibition is the result of West's experimentation with new concepts in a lyrical, free technique using a variety of media including copper and paint. The viewer is invited to interpret each piece in his own way, reacting to colors, composition and evocative titles.

There will be musical entertainment to enhance and compliment the themes of both artists at the reception. Bill Kiesewetter will tickle the ivories from 6:00 to 7:00 pm, and then El and Billl, a blues duo, will perform from

MOVIE REVIEW

Martial Law

By Rob Gonsalves
www.robsmovievault.com

Fearless. Starring Jet Li and Shido Nakamura. Directed by Ronny Yu. Running time: 103 minutes. MPAA rating: PG-13.

Jet Li's *Fearless* (as it's credited in the ads and onscreen) feels like his martial-arts valedictory, the way Clint Eastwood's *Unforgiven* was his Final Statement on the Western. Both films weigh the costs of violence and revenge, and although *Fearless* isn't a gnarled classic like *Unforgiven*, it's similarly a beloved action star's meditation on the genre that made him. Jet Li has been working towards this film; *Hero* and *Unleashed* both expressed a certain growing reticence to fight, an urge for something deeper in life. As such, it reveals Li as a thoughtful man trying to honor his violent screen past and put it behind him, and with the help of director Ronny Yu (in probably his most restrained mode) and master fight choreographer Yuen Woo-Ping, he succeeds.

Li plays Huo Yuanjia, a real-life turn-of-the-century martial-arts master who took on various foreign fighters to defend the honor of China. Amusingly, the film's depiction of one of Huo's battles was rather more anticlimactic in real life: he was supposed to face the burly British opponent Hercules O'Brien (played here by Nathan Jones, who was also in Tony Jaa's recent *The Protector*), but O'Brien was a no-show. He isn't a no-show in the movie, wherein Huo fights him and ends up saving O'Brien's life. By that point, Huo has already gone through a baptism of fire and embraced a humbler, more spiritual way of life. There was a time when he would've let O'Brien die.

The movie follows Huo from his unpromising days as a hothead and terrible student to an up-and-coming master of his clan's style of Wushu fighting. Huo beats everyone, even the punk who once humiliated him when they were both striplings. He becomes arrogant, stuffed plump with drink and praise. Everyone wants to be his disciple; only a fool wouldn't. Huo is riding high, but when he faces the tough, revered Master

Chin — who lays a smackdown on one of Huo's disciples for offending his wife — he wins the match but loses far more.

After about an hour of flashy, expertly staged fights, *Fearless* goes inward, finding Huo living monklike in a village, planting crops and helping a blind woman cook meals. He learns to stand still and appreciate the rush of wind through the leaves — *I am still standing*, he seems to be thinking, *and the wind teaches me that I am still alive*. The movie becomes sedate and spiritual without losing its power. Huo must renounce the reasons he used his virtuosic skills — glory, money — and go back to basics. Wushu must not divide; it must unite. *Fearless* is a deeply Asian film, and refreshing because of it. Its drama unfolds in the gradual shift of Huo's philosophy.

Jet Li was a bit posed and stiff in *Hero*, but he seemed childlike and eager in *Unleashed*; it was at that point, I think, that he started wanting to pass on what he'd learned in life, rather than (or in addition to) just thrilling audiences by busting heads. In *Fearless* he gives perhaps his most engaged and engaging performance ever, running the gamut — proud, foolish, devastated, becalmed, compassionate, grateful. His moves, as always, are savagely beautiful and, this time, more emotionally expressive. Though not as stately as other wuxia films like *Hero* or *Crouching Tiger, Hidden Dragon*, the movie manages to be eligiac and ultimately touching in its own way. It's a fine swan song.

Long before the cult of so-called “conspiracy theorists” came into vogue, before Oliver Stone made everyone wonder what really happened in Dealey Plaza on November 22, 1963, before Mulder and Scully began questioning the “powers that be,” and even before people began huddling around the radio in the wee hours of the morning to listen to Art Bell rant and rave, a modest and scholarly professor working at UMass Dartmouth — then, Southeastern Massachusetts University — invested his heart, mind and soul into patiently researching the facts surrounding the political assassinations of John F. Kennedy, Robert F. Kennedy, and Martin Luther King.

After hearing the stunningly sad news of **Dr. Philip H. Melanson**’s passing last week, I was at least comforted by the fact that I had the unique opportunity to know him, albeit briefly, first as a student in his popular “Political Assassinations in the U.S.” course at SMU, then later when I had the chance to interview him in his Marion home upon the publication of his fascinating book, *The Robert F. Kennedy Assassination: New Revelations on the Conspiracy and Coverup, 1968-1991*.

I remember dutifully listening to him discuss the years of research that went into the book and sensing his pride at being able to establish and coordinate the Robert F. Kennedy Assassination Archives — the world’s largest collection of documents, oral and video history tapes, and private papers on the subject — which now remain permanently housed in the UMass Dartmouth Library, thanks to his tireless efforts.

And even though Dr. Melanson became something of a local celebrity, having written or co-written some 14 books, after lecturing at countless universities and conferences, and after appearing on over 30 news documentaries and interview programs including CNN, National Public Radio, BBC News, the *CBS Evening News*, ABC’s *Prime Time Live*, and *Inside Edition*, he still seemed surprised and a little flattered when I asked him to sign my copy of *The Robert F. Kennedy Assassination* after our interview.

I know descriptions like “mild-mannered” and “modest” can be cliché, but they perfectly capture the essence of Dr. Melanson. He was truly a gentleman and a scholar, someone whose curiosity about several key events in recent history readily became contagious after speaking with him for just a few minutes. And I was always struck by how he held firm to his own beliefs and opinions but never forced them onto anyone else; nor would he dismiss other’s theories out of hand, either. Everything remained viable and he was a staunch supporter of collecting data and analyzing all the facts before reaching any final conclusion.

As a fledgling freshman trying to balance the demands of my full course load while working at the college newspaper, I can remember actually looking forward to Dr. Melanson’s course and seldom missing a session (which I have to admit wasn’t the case with some other courses). Later, I became a fan of Dr. Melanson, the author, eagerly devouring his books on RFK, MLK and JFK.

Indeed, UMass Dartmouth and the southeastern Massachusetts region, in general, greatly benefitted from having someone the caliber of Dr. Melanson among its ranks. He instilled a sense of wonder and healthy curiosity in his students while delving deeper into subjects which others might have shied away from or, in some cases, deemed “off limits.”

For Dr. Melanson, the only limits were maybe those of one’s own mind.

But even that he might politely challenge.

SALOME'S STARS

ARIES (March 21 to April 19) You'll soon have a chance to take a big step up from where you are to where you want to be. Check it out first. Remember: Even the Mountain Sheep looks before it leaps.

TAURUS (April 20 to May 20) This week brings a challenge that could determine the future direction of your life. If you're ready for a change, accept it with confidence. A loved one supports your decision.

GEMINI (May 21 to June 20) A disruption creates a delay in completing your projects. Use this time to pursue a personal matter you were too busy to deal with before. You'll find it will be time well spent.

CANCER (June 21 to July 22) You still need to be on the alert for any signs of problems that could create serious misunderstandings. A more positive aspect begins to emerge toward the week's end. Be patient.

LEO (July 23 to August 22) With things slowing down a bit this week, it would be a good time for luxury-loving Leonines to go somewhere for some well-earned pampering. Things liven up around Friday.

VIRGO (August 23 to September 22) Single Virgos looking for partners are finally getting a break from Venus, who has moved in to make things happen. Attached Virgos see their relationships blossom.

LIBRA (September 23 to October 22) You've been working hard to get things done. Now take a breather and recheck your next step. You might want to make some changes in view of the news that comes your way.

SCORPIO (October 23 to November 21) The watchword for savvy Scorpios this week is "preparation." Consider sharpening your skills to make the most of the new opportunity you're about to take on.

SAGITTARIUS (November 22 to December 21) There might still be some loose ends that need tucking up if you hope to get that important relationship repaired. A new spurt of activity starts soon.

CAPRICORN (December 22 to January 19) It's a good idea to keep the positive momentum going by finding and getting rid of anything that could cause you to stumble. Keep the path ahead clear and open.

AQUARIUS (January 20 to February 18) A period of contemplation is advised before you make your next move. Be sure that where you decide to go is the right place for you. A health matter needs attention.

PISCES (February 19 to March 20) That new energy surge that hit you last week continues to send out good vibrations. Try investing a part of it in creating something noteworthy on the job.

BORN THIS WEEK: You like to balance your personal universe, and in doing so, you help bring harmony into the lives of the rest of us.

ORR Parents Association

The ORR Parents Association (ORRPA) is pleased to announce a very successful MADD Power Summit attended by four ORR students at Clark University in Worcester this past June. They held a meeting in August to review the summit results and a plan for implementing the project ideas put together by students. They have some great ideas on how to bring some Mothers Against Drunk Driving (MADD) Youth in Action projects to the tri-town communities.

They have committed the ORR Parents Association group to the students' plans and implementation ideas in upcoming months. The first step will be to have the students present, with PowerPoint, at the first ORRPA

meeting on October 4.

The next step will be for students to recruit and attend a MADD Youth in Action (YIA) training session on Saturday, October 28. The students are looking for additional youth from ORR who share their common goals on underage drinking prevention and are committed to a no-use lifestyle. They are also pleased to announce a new adult leader for the group, Paul Goulet, who will be their point person with the MADD Program.

At the October 4 meeting, Amy Whitney from MADD Massachusetts will be joining them again to support the youth who will present and also talk with the group about an adult/community survey. Amy has put together a survey that the membership is asked to support. This survey will help generate some data on what the tri-town community's attitudes and beliefs about underage drinking are. After conducting these surveys, they will be able to more accurately prepare an adult presentation for the tri-town communities on underage drinking (an idea supported by the Summit Team from ORR).

ORRPA looks forward to the presentation by the Youth Power Summit students and look forward to the community support and participation in their ongoing project ... see you on October 4 ... the coffee's on.

• Now through October 6, weekdays only as follows: Monday 10:30 am to 4:30 pm; Tuesday - Thursday, 8:00 am to 4:30 pm; and Friday, 8:00 am to 12:00 noon.

• Starting October 10, lane restrictions will be in place from 8:00 am to 4:30 pm, seven days a week.

During lane restrictions there will be at least one lane in each direction open to traffic. Depending on work that day a second lane may be opened in either direction to facilitate traffic movement.

No wide loads will be permitted over the bridge during lane restrictions. The work is dependent on favorable weather conditions so there will certainly be days with no traffic restrictions. Police details will be employed to assist the motoring public.

I found the Aardvark!

Each week we will give away an Aardvark Gift and each month we give away a special Aardvark Gift Basket to one lucky person. All you have to do to enter is find the Aardvark! The little guy you are looking for looks exactly like the one pictured above (but don't put down this page as your answer, there's another one hidden somewhere in this issue).

The winner will be selected from all the correct answers picked by the deadline and the prize will have to be picked up at our office. Only one entry per household per issue please.

To enter, simply find the aardvark in this issue, then go to our web page and select the link "I Found the Aardvark" entry page. If you would like to enter by mail, send your name, address and phone number along with the issue date and page number you found him in to: Wanderer - I Found the Aardvark, P.O. Box 102, Mattapoisett, MA 02739.

Deadline for each week is 5pm on the Wednesday after the date of publication. All entries must be dated or postmarked on or before that Wednesday.
